LUCKY MULTICULTURAL POTLUCK

August 17, 2005

Congratulations to all the Essex residents from both buildings who responded so well to the invitation to bring some great dishes from all over the world to share with their neighbours. The Potluck team led by Irene Priest made sure we were all organized to enjoy the sumptuous repast, including posted instructions. And our generous donors, Mazinga Sushi, Dundas Street Grille, Choco Choco, and Blockbuster Video added to an array of door prizes. Everyone of the more than 50 or so *Lucky Potluckers* experienced a winning opportunity to socialize with their neighbours. And the smiling, disguised Concierge kept us all in line.
